

Toshiba recommends Windows Vista™ Business.

TOSHIBA

PORTÉGÉ R400

Toshiba's new Portégé R400 leads the way in more ways than one. Its Real Time E-mail Notification System is a world first. This technology lets you view e-mail headers and calendar notifications and updates on a discreet screen without opening the lid. Handy. However, there's much more to this high performance ultra-portable Tablet than that. It also features a visually stunning design that houses the most advanced versions of almost every technology you need to stay connected and productive while you're on the move.

Portégé R400_19 February 2007

Toshiba (Australia) Pty. Limited ABN 19 001 320 421 NB: Toshiba Notebook and EasyGuard features will vary between models specifications. *Toshiba Notebooks are subject to technology limitations. It is important that you understand Toshiba's policy for Central Processing Unit (CPU) performance, non-conforming screen pixels, gigabyte measurement, VRAM capacity, battery life variance, operating system and other specific technologies. For further details and specifications, you are recommended to visit Toshiba's website www.isd.toshiba.com.au or phone Toshiba on 13 30 70 (Australia) 0800 441 615 (New Zealand). **Not all Windows Vista™ features are available for use on all Windows Vista™ Capable computers. All Windows Vista™ Capable computers will run the core experiences of Windows Vista™, such as innovations in organising and finding information, security, and reliability. Some features available in premium editions of Windows Vista™ — like the new Windows Aero™ user interface — require advanced or additional hardware. Check www.windowsvista.com/getready for details. *CD/DVD write capability may vary depending on the type/brand of media utilised. †Thickness may vary at certain points on the system. ‡Terms and conditions apply see www.isd.toshiba.com.au or your Toshiba Reseller for details. EasyGuard spill resistant keyboard concept will help safeguard the notebook from certain small volume accidental spills and allow users several minutes to close any open files and turn off the machine. EasyGuard shock protection system provides your notebook with a higher impact protection and reliability to your key hardware components. All images are for illustration purposes only. Actual product may vary from image depicted. The product you have selected may not have all the features and specifications corresponding to all of the icons or switches shown in the illustration or in store display. Because of the dynamic nature of this industry, versions, product details and availability are subject to change on a continual basis without prior notice. You are recommended to visit Toshiba's website www.isd.toshiba.com.au or phone Toshiba on 13 30 70 (Australia) 0800 441 615 (New Zealand) or your Authorised Retailer to confirm product specifications, capability, and functionality before purchasing your unit. Specifications subject to change without notice. Trademarks as indicated are registered trademarks and are the property of the respective owners. Toshiba Australia Information Systems Division 02/07.
